NEW QUESTION: 1

Your network contains a System Center 2012 R2 Configuration Manager Service Pack 1 (SP1) environment.

In Default Client Settings, you enable Hardware Inventory and Software Inventory.

You discover that a group of client computers fails to report hardware inventory data. The client computers report software inventory data.

You verify that Configuration Manager can deploy applications to the client computers.

You need to identify what is causing the reporting issue.

Which two log files should you review? Each correct answer presents part of the solution.

- A. Filesystemfile.log
- B. Inventoryagent.log
- C. Dataldr.log
- D. Hman.log
- E. Mp_sinv.log

Answer: B,C

Explanation:

C: Configuration Manager Site Server Log Files - Site Server

and Site System Server Logs dataldr.log Site server log file Records information about the processing of Management Information Format (MIF) files and hardware inventory in the Configuration Manager database.

Example of contents of dataldr.log:

clip_5F00_image022_5F00_2C06AB53

E: Configuration Manager Client Logs - Client Operations Inventoryagent.log Client log file Records activities of hardware inventory, software inventory, and heartbeat discovery actions on the client.

Example: The InventoryAgent.log will show that four new attributes regarding the Class "Department_Name" need to be collected for hardware Inventory data and that info needs to be sent to server. Content of inventoryagent.log:

NEW QUESTION: 2

- A. Option A
- B. Option B
- C. Option C
- D. Option D

Answer: B

NEW QUESTION: 3

DRAG DROP

You use Microsoft Azure Stream Analytics to analyze data from an Azure event hub in real time and send the output to a table named Table1 in an Azure SQL database. Table1 has three columns named Date, EventID, and User.

You need to prevent duplicate data from being stored in the database.

How should you complete the statement? To answer, drag the appropriate values to the correct targets. Each value may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Answer:
