A fixed (live) music source through a USB sound card

NEW QUESTION: 2

A. Option D

B. Option C

C. Option A

D. Option B

Answer: D

NEW QUESTION: 3

A company has client computers that run Windows 7. The company has Windows Server Update Services (WSUS) 3.0 with Service Pack 2 (SP2) deployed on a server that runs Windows Server 2008 R2. You are designing an update management solution for the company's client computers. The solution must meet the following requirements:

-Client computers must use WSUS for the installation of updates. -Only administrators should receive update notifications from WSUS.

You need to design an update management solution that meets the requirements.

What should you recommend? (More than one answer choice may achieve the goal. Select the BEST answer.)

A. Define the WSUS settings in the User Configuration area of the Group Policy Management Console.

B. Define the WSUS settings in the User Configuration area of the Local Group Policy on client computers.

C. Define the WSUS settings in the Computer Configuration area of the Group Policy Management Console.

D. Define the WSUS settings in the Computer Configuration area of the Local Group Policy on client computers.

Answer: C

Explanation:

FROM Step by Step guide to setting up WSUS 3.0 SP2

<http://technet.microsoft.com/en-us/library/cc708519%28v=ws.10%29> or

<http://blogs.microsoft.co.il/blogs/yanivf/archive/2007/09/23/install-wsus-3-0-step-by-step.aspx>

To configure Automatic Updates

In Group Policy Object Editor, expand Computer Configuration, expand Administrative Templates, expand Windows Components, and then click Windows Update.

In the details pane, double-click Configure Automatic Updates.

Click Enabled, and then click one of the following options:

Notify for download and notify for install: This option notifies a logged-on administrative user before the download and before the installation of the updates. Auto download and notify for install: This option automatically begins downloading updates and then notifies a logged-on administrative user before installing the updates. Auto download and schedule the install: If Automatic Updates is configured to perform a scheduled installation, you must also set the day and time for the recurring scheduled installation. Allow local admin to choose setting: With this option, local administrators are allowed to use Automatic Updates in Control Panel to select a configuration option of their choice. For example, they can choose their own scheduled installation time. Local administrators are not allowed to disable Automatic Updates.

Click OK. Set Up E-Mail Notifications

<http://technet.microsoft.com/en-us/library/cc708608%28v=ws.10%29.aspx>

In the WSUS Administration console, click Options in the left pane.

In the center pane, click E-Mail Notifications.

Click the General tab.

If you want update notifications, select the Send e-mail notification when new updates are synchronized check box.

In the Recipients box, type the e-mail addresses of the people who should receive update notifications. Separate the names with semi-colons.

If you want status reports, select the Send status reports check box.

In the Frequency box, select either Daily or Weekly.

In the Send reports at box, set the time at which you want status reports to be sent.

In the Recipients box type the e-mail addresses of the people who should receive status reports, delimited by semicolons.

In the Language box, select the language in which the status reports should be sent.

Click Apply to save these settings.

NEW QUESTION: 4

A. Option D

B. Option B

C. Option C

D. Option A

Answer: C
