And to do that you are going to need help from a C-HRHFC-2105 practice questions or braindumps, The person who qualified with SAP Certified Integration Associate - SAP SuccessFactors Full Cloud/Core Hybrid certification may have more opportunity in their future life.

NEW QUESTION: 1

Note: This question is part of a series of questions that use the same scenario. For your convenience, the scenario is repeated in each question. Each question presents a different goal and answer choices, but the text of the scenario is the same in each question in this series.

Start of repeated scenario

You have six workbook queries that each extracts a table from a Microsoft Azure SQL database. The tables are loaded to the data model, but the data is not loaded to any worksheets. The data model is shown in the Data Model exhibit.

Your company has 100 product subcategories and more than 10,000 products.

End of repeated scenario.

You need to create a simplified view of the workbook for some users. The simplified view must only display data from FactSales, DimProduct, and DimDate.

What should you do in the data model?

- A.** Create a new perspective.
- B.** Click Hide from Client Tools for all the tables except FactSales, DimProduct, and DimDate.
- C.** Add the columns from FactSales, DimProduct, and DimDate to the Default Field Set.
- D.** Modify the Table Behavior settings for FactSales, DimProduct, and DimDate.

Answer: B

NEW QUESTION: 2

A user attempts to turn on a computer and receives no response. The user calls the technician to report the computer is not booting and a faint smell of something burning. Which of the following tools will BEST help to identify the issue?

- A. Cable tester
- B. Loopback plug
- C. ESD strap
- D. PSU tester

Answer: D

NEW QUESTION: 3

PRIZE : LOTTERY ::

- A. grade : student
- B. rank : tournament
- C. chip : casino
- D. loan : bank
- E. diploma : college

Answer: E

Explanation:

This is a "result or product" analogy. The objective (final result) of a LOTTERY typically is a PRIZE, awarded to the lottery winner. Similarly, the objective (final result) of attending college typically is to be awarded a diploma. Choice B does not provide as strong an analogy—a loan, although it's one possible reason to engage a bank, is not an award.

NEW QUESTION: 4

Which ADM Phase includes obtaining approval for the Statement of Architecture Work?

- A. Phase B: Business Architecture
- B. Phase A: Architecture Vision
- C. Preliminary Phase
- D. Phase F: Migration Planning
- E. Phase G: Implementation Governance

Answer: B
