NEW QUESTION: 1The analysis capability of IBM Cognos Business Intelligence is geared toward helping organizations answer which key question?**A.** How are we doing?**B.** Why is our business

statements. Note that the information displayed on the All information tab is identical to the information displayed on the subsequent tabs. When you are ready to answer a question, click the Question button to return to the question.

Overview

Fabrikam, Inc. is a medical billing clearing house that recently migrated from on-premises services to Office 365. The company has two offices. One office is in Atlanta, and one office is in Chicago. Accounting, IT, and claims department users are located in the Atlanta office. Enterprise E3 licenses are assigned to all users. The current Site Collection administrator is Admin1. Sales department users are located in the Chicago office only. The sales department plans to offer quarterly sales reviews with existing and potential customers. Up to 2,000 people are expected to attend each meeting. All users have access to the following Office 365 services:

- Business Requirements Document sharing policy Documents shared externally must not contain personally identifiable information (PII). Sharing for any documents that contain PII must be blocked automatically.
- Quarterly review meetings must be recorded and made available online for later viewing.
- Office applications You identify the following requirements for supporting Office applications on all corporate devices:

- Atlanta office You identify the following requirements to support users in the Atlanta office.
- Sales department You identify the following requirements to support users in the sales department:

- Accounting department The accounting department must be able to set permissions for their own sites. User accounts named User1 and Admin1 must be notified if the storage for accounting users reaches 80 percent of the 1 terabyte (TB) limit. You are unable to configure storage for the accounting department. The Site Collection ribbon for the accounting department site collection is shown below.
- Claims department The claims department frequently receives email that contain attachments. The approved list of attachment types includes: Other attachment types must be removed from email messages. If an attachment is removed, the original sender must be notified that their attachment was removed.
- IT department The IT department must be able to create eDiscovery cases. You must use eDiscovery to search email and conversations in the tenant.

eDiscovery case

The IT department must manage an eDiscovery case for the claims department. You must add the following user accounts as members of the case:

- The case must have a hold placed on the Claims1 mailbox.

Note: This question is part of a series of questions that use the same scenario. For your convenience, the scenario is repeated in each question. Each question presents a different goal and answer choices, but the text of the scenario is exactly the same in each question in this series.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You need to configure the sales meetings.

Solution: Add the PSTN Calling add-on to the sales department users.

Does the solution meet the goal?

A. Yes
B. No

Answer: B

Explanation: Calling Plans are an add-on telephone service that,

when combined with Phone System in Office365, can become the phone system for your entire organization. A Calling Plan provides the people in your business with a primary phone number, and lets them make and receive phone calls outside of your organization. From Scenario: Quarterly review meetings must be recorded and made available online for later viewing.
