**NEW QUESTION: 3**You have an Azure subscription that contains a storage account.You have an on-premises server named Server1 that runs Window Server 2016. Server1 has 2 TB of data.You need to transfer the data to the storage account by using the Azure Import/Export service.In which order should you perform the actions? To answer, move all actions from the list of actions to the answer area and arrange them in the correct order.NOTE: More than one order of answer choices is correct. You will receive credit for any of the correct orders you select.**Answer:** Explanation:1 - Attach an external disk to Server1 and then run

waimportexport.exe.2 - From the Azure portal, create an import job.3 - Detach the external disks from Server1 and ship the disks to an Azure data center.4 - From the Azure portal, update the import job.Explanation:At a high level, an import job involves the following steps:Step 1: Attach an external disk to Server1 and then run waimportexport.exe Determine data to be imported, number of drives you need, destination blob location for your data in Azure storage.Use the WAImportExport tool to copy data to disk drives. Encrypt the disk drives with BitLocker.Step 2: From the Azure portal, create an import job. Create an import job in your target storage account in Azure portal. Upload the drive journal files.Step 3: Detach the external disks from Server1 and ship the disks to an Azure data center.Provide the return address and carrier account number for shipping the drives back to you.Ship the disk drives to the shipping address provided during job creation.Step 4: From the Azure portal, update the import jobUpdate the delivery tracking number in the import job details and submit the import job.The drives are received and processed at the Azure data center.The drives are shipped using your carrier account to the return address provided in the import job.References:<https://docs.microsoft.com/en-us/azure/storage/common/storage-import-export-service>

**NEW QUESTION: 4**Answer: Explanation:Explanation
