NEW QUESTION: 1

Writing Test

The passages below contain several enumerated sections, each of which may or may not contain an error of grammar, usage or style. For each multiple-choice question, the first choice reproduces the selection from the original passage. The other choices offer alternatives. Select the best choice from among the five choices offered for each enumerated selection.

LÃ©opold SÃ©dar Senghor, the Senegalese poet and statesman, leading a life of mythic proportions. Born in a small West African village in 1906, Senghor had directed a movement against French colonial rule that brought Senegal independence in 1959. Senghor served as Senegal's first elected president from 1960 to

1980. Because of Senghor's political influence, therefore, Senegal is today one of Africa's most stable and affluent nations.

After World War II, Senghor has entered politics and held a number of elected positions in France and Senegal between 1946 and 1959. During this time, working ceaselessly in African independence movements, all the while it emphasizes the importance of African cultural identity. Senghor's efforts contributed to Charles de Gaulle's grant of national sovereignty to Senegal and other West African countries in

1959.

One legend about Senghor claim that at the moment of his birth, a tree on the ground fell and split, releasing a great spirit that entered the newborn's body. Senghor himself did not believe this story, true or not, the tale on the other hand gives an appropriately mythic dimension to the life of a man honored for his courageous and progressively work for the freedom of African peoples.

NEW QUESTION: 3

Refer to the exhibit.

Which password must an engineer use to enter the enable mode?

A. testing 1234

B. default

C. cisco123

D. adminadmin123

Answer: A

Explanation:

Explanation

If neither the enable password command nor the enable secret command is configured, and if there is a line password configured for the console, the console line password serves as the enable password for all VTY sessions -> The "enable secret" will be used first if available, then "enable password" and line password.
