NEW QUESTION: 1. Which of the following is NOT a characteristic of a Scrum team? A. The team is self-organizing. B. The team is cross-functional. C. The team is composed of members with different skills. D. The team is composed of members with similar skills.

Answer: C

NEW QUESTION: 2 A comprehensive and effective e-mail policy should address the issues of e-mail structure, policy enforcement, monitoring and: **A.** recovery. **B.** retention. **C.** reuse. **D.** rebuilding. **Answer: B** **Explanation:** Besides being a good practice, laws and regulations may require that an organization keep information that has an impact on the financial statements. The prevalence of lawsuits in which e-mail communication is held in the same regard as the official form of classic 'paper' makes the retention of corporate e-mail a necessity. All e-mail generated on an organization's hardware is the property of the organization, and an e-mail policy should address the retention of messages, considering both known and unforeseen litigation. The policy should also address the destruction of e-mails after a specified time to protect the nature and confidentiality of the messages themselves. Addressing the retention issue in the e-mail policy would facilitate recovery, rebuilding and reuse.

NEW QUESTION: 3 You are in the initial planning phase of a Microsoft Dynamics 365 implementation. The customer wants to use the Microsoft Dynamics 365 App for Outlook. The customer is about to make a decision on whether Microsoft Exchange and Microsoft Dynamics 365 should be on-premises, online, or a hybrid. You need to advise the customer on how their decision affects their ability to use the Microsoft Dynamics 365 App for Outlook. What should you tell them? **A.** The Microsoft Dynamics 365 App for Outlook is online only, so both Microsoft Exchange and Microsoft Dynamics 365 must be online. **B.** The Microsoft Dynamics 365 App for Outlook requires Microsoft Dynamics 365 to be online, but Microsoft Exchange can be on-premises. **C.** The Microsoft Dynamics 365 App for Outlook requires Microsoft Exchange to be online, but Microsoft Dynamics 365 can be on-premises. **D.** The Microsoft Dynamics 365 App for Outlook supports both online-to-online, on-premises to on-premises, and hybrid environments. **Answer: D**
