D. Die virtuellen Maschinen können in das neue Abonnement
verschoben werden
Answer: D
Explanation:
Explanation
You can move a VM and its associated resources to a different
subscription by using the Azure portal.
Moving between subscriptions can be handy if you originally
created a VM in a personal subscription and now want to move it
to your company's subscription to continue your work. You do
not need to start the VM in order to move it and it should
continue to run during the move.
