You need to ensure that User1 can place a hold on all mailbox content.
What permission should you assign to User1?
A. the eDiscovery Manager role from the Security & Compliance admin center
B. the Information Protection administrator role from the Azure Active Directory admin center
C. the Compliance Management role from the Exchange admin center
D. the User management administrator role from the Microsoft 365 admin center
Answer: A
Explanation:
Explanation
To create a query-based In-Place Hold, a user requires both the Mailbox Search and Legal Hold roles to be assigned directly or via membership in a role group that has both roles assigned. To create an In-Place Hold without using a query, which places all mailbox items on hold, you must have the Legal Hold role assigned.
The Discovery Management role group is assigned both roles.
