#### **NEW QUESTION: 1**

Which of the following statements about the tool "Risk Analysis and Remediation" (formerly known as Virsa Compliance Calibrator) are true?

Note: There are 3 correct answers to this question.

- A.** Authorization objects are uploaded from the SAP backend systems.
- B.** Custom real time agents (RTAs) can be built by the customer.
- C.** The tool is deployed with the deploy tool for SAP GRC

solutions (GDT).

**D.** The SLD (system landscape directory) is not required for connecting to SAP Backend systems ABAP stack.

**E.** Every SAP System that needs to be connected must have logon groups (SMLT) defined.

**Answer: A,B,E**

### **NEW QUESTION: 2**

**NOTE:** This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You have an Azure Stack integrated system that runs in a connected environment.

You need to recommend an interval for installing Microsoft software update packages to Azure Stack. The solution must ensure that you can receive Microsoft support.

**Solution:** You recommend that Microsoft software updates be installed every six months.

Does this meet the goal?

**A.** Yes

**B.** No

**Answer: B**

**Explanation:**

**Explanation/Reference:**

**Explanation:**

For your Azure Stack deployment to remain in support, it must run the most recently released update version or run either of the two preceding update versions.

Microsoft will release update packages for Azure Stack integrated systems on a regular cadence that will typically fall on the fourth Tuesday of every month.

Thus to remain in support you must be running one of the last three update versions and, as an update version is released every month, you need to install updates at least every three months.
