NEW QUESTION: 4
Note: This question is part of a series of questions that
present the same scenario. Each question in the series contains
a unique solution that might meet the stated goals. Some
question sets might have more than one correct solution, while
others might not have a correct solution.
After you answer a question in this section, you will NOT be
able to return to it. As a result, these questions will not
appear in the review screen.
A company plans to use Azure Automation.
Automation runbooks must be started from a single HTTP request.
You need to create the automation design.
Solution: You start a runbook using the Azure portal.
Does the solution meet the goal?
A. Yes
B. No

Answer: B
Explanation:
Explanation
The Azure portal option does not allow for a runbook to be started from a single HTTP request.
