**NEW QUESTION: 3**

You have a customer who orders the same products frequently. You need to simplify the creation of sales orders for the customer.

What should you use?

A. A blanket order

B. An item list

C. A new item

D. A direct delivery order

**Answer: B**

Explanation:

An item list is a list of items that a customer habitually buys, including quantities. When you create a new sales order for a customer, instead of adding items line by line, you can select the item list that has been created for the customer.

Incorrect:

not A: You can also create a direct delivery order if you want your vendor to deliver the goods to the customer.
