NEW QUESTION: 2Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time.When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design.Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task.Labs are not timed separately, and this exam may more than

one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab.

The following information is for technical support only: Lab instance: 11122308 You need to create an eDiscovery case that places a hold on the mailbox of a user named Allan Deyoung. The hold must retain email messages that have a subject containing the word merger or the word Contoso. To complete this task, sign in to the Microsoft 365 admin center.

Answer: Explanation: See explanation below.

Explanation 1. Navigate to eDiscovery in the Security & Compliance Center, and then click Create a case. 2. On the New Case page, give the case a name, type an optional description, and then click Save. The case name must be unique in your organization. The new case is displayed in the list of cases on the page. You can hover the cursor over a case name to display information about the case, including the status of the case (Active or Closed), the description of the case (that was created in the previous step), and when the case was changed last and who changed it.

To create a hold for an eDiscovery case:

1. In the Security & Compliance Center, click to display the list of cases in your organization.
2. Click Open next to the case that you want to create the holds in.
3. On the Home page for the case, click the Hold tab.
4. On the Hold page, click Create.
5. On the Name your hold page, give the hold a name. The name of the hold must be unique in your organization.
6. (Optional) In the Description box, add a description of the hold.
7. Click Next.
8. Choose the content locations that you want to place on hold. You can place mailboxes, sites, and public folders on hold.* Exchange email - Click Choose users, groups, or teams and then click Choose users, groups, or* teams again. to specify mailboxes to place on hold. Use the search box to find user mailboxes and distribution groups (to place a hold on the mailboxes of group members) to place on hold. You can also place a hold on the associated mailbox for a Microsoft Team, a Yammer Group, or an Office 365 Group. Select the user, group, team check box, click Choose, and then click Done.

Note When you click Choose users, groups, or teams to specify mailboxes to place on hold, the mailbox picker that's displayed is empty. This is by design to enhance performance. To add people to this list, type a name (a minimum of 3 characters) in the search box.

9. After configuring a query-based hold, click
10. Review your settings, and then
